Probationer Is Confirmed Student Prexy

Rose .... Stark .... Needham

Pleaded Guilty On Narcotics Charges

BY TROY MARTIN

John Nathan Stark who currently is on probation for a narcotics violation and campaigned on an anti-Metro Squad ticket, was in effect confirmed as president of the West Texas State University Student Association Wednesday.

Stark's qualifications to be a candidate in the student elections was challenged in student court by David Davis who lost to Stark in the April 23 runoff.

Actual suit was brought by Davis against Gary Story, past president of the student association, and John Teters, Canyon, who was in charge of candidate certification.

The student court dismissed the case after Dan Needham, student attorney general, contended that the Davis case was illegally filed. He maintained that under Texas law an official cannot be brought into account for negligence in office after he has ceased to function in that office.

Davis was represented by Van Perry, a pre-law senior.

Bulletin

A new suit was filed late Wednesday by David Davis, this time against John Nathan "Nate" Stark and Tom Rose, president and vice president respectively of the WTSU Student Association.

The suit alleges that both are ineligible to hold the offices to which they were elected.

Davis contended that Stark had not had sufficient tenure as a student to be a candidate for the student association presidency. His case was not heard by the student court.

Stark enrolled at West Texas State last fall. Teters said that although Stark has been inaugurated as association president he will not begin to function as such until next September when he will have had a year of tenure as required under the student constitution.

Teters said that in the meantime Tom Rose, Canyon, vice president, who ran on the ticket with Stark will function as student association president.

Stark, who must report to his probation officer twice a month, readily admitted that he ran on an anti-Metro Squad, anti-security department platform. Rose said he sided with Stark on these issues.

Stark said he thinks the narcotics problem on campus is overstated and that the presence of a Metro Squad officer is not necessary.

"We polled the student body in an opinion poll and widespread use of narcotics was denied," Stark declared.

Rose said he doesn't think there is enough of a narcotics problem on campus to justify WTSU participation in the Metro Squad through Panhandle Regional Plan-

Reds Still Real Enemy, Preacher

BY TROY MARTIN

Communism is the enemy in the physical war in which this country is engaged, Chaplain Jim Baggett of Clovis Air Force Base told the congregation at First Baptist Church Sunday night.

Lt. Col. Baggett, a veteran of Vietnam, said we are being defeated in the war against the Reds because the communist aims are being carried out to their ultimate conclusion.

"We used to blame everything on the communists," he declared. "They've gotten us so hoodwinked now that we don't blame anything on them."

The military preacher gave a parable in which he had the ghost of Karl Marx, father of communism, giving instructions to communist leaders.

"We can take America without firing a shot," he quoted the ghost of Marx as having said.

"Let us destroy the soul of America. We shall warp the minds of Americans with reorientation.

"We shall replace the meaningful with the trivial, the noble with the vulgar, regard for authority with disdain, truth with a lie, trust with suspicion.

"Distortion of the truth will be our greatest weapon.

"We shall have a new definition of freedom. We shall tell the youth that rebellion is the hallmark of Americanism.

"We shall hammer rights, rights, rights until they will forget duties and responsibilities of citizenship. We shall tell them that they have the freedom to disobey any laws they do not like.

"We shall convince them of the rottenness of the establishment and the evil of authority. In this way we can destroy education. We

Canyon Days Are Discussed

Randall County Sheriff's Posse Monday night promised the Canyon Chamber of Commerce board of directors that it would stage the World Championship Pony Express Race in July in connection with the Chamber's Canyon Days.

The Sheriff's Posse's Junior Stanford, president, and Jimmy Plain, board member, met with the board as it began laying final plans for the celebration to be held here July 23-24.

Kenneth Thompson, head of the Canyon Days committee, said plans for a parade and barbecue are going forward. He said several bands and an Air Force fly over are on tap for the event.

The board heard a price of $6,422 quoted by a Houston firm on 120 candy canes and two Merry Christmas signs. Chamber President Eddie Knowles said there is about $1,400 in the Chamber Christmas lighting fund.

The candy canes are made of plastic and are about 5½ feet high.

Knowles was authorized to appoint a committee to look into the matter along with methods of financing.

Bob West was appointed chairman of the Fourth of July fireworks committee. The Chamber previously had agreed to take over the Independence Day program from the Kiwanis Club.

Members of the board voted to endorse Amendment 4, known as the Clear Water Amendment, which will be on the ballot May 18.

It was announced that Knowles, Bill Davis, Jack

Price Polls 18th District

Congressman Bob Price is polling residents of the 18th Congressional District on issues which will be voted on during this session.

Questionnaires were mailed last week, asking for opinions on Vietnam, the economy, revenue sharing, welfare reform, draft reform, government reorganization, the environment, consumer protection, and drug abuse.

Price also asked those who responded to list the top issues confronting the United States and to rate the performances of President Richard Nixon and Vice-President Spiro T. Agnew.

On Museum Ballots

Open Count Promised

Ballots electing the balance of a new executive committee for the Panhandle-Plains Historical Society will be counted publicly Virgil Patterson promised Wednesday.

Patterson, who was named president of the society in a tumultuous meeting last Friday, is an Amarillo banker.

"We'll count them on the court house square if you want us to," Patterson declared.

The new president hedged on whether executive board meetings should be open to the public and to news media.

"I'll have to check with the executive board on that," he said. "It never has been up to now but I can't see why not."

News reporters were turned away from the executive board meeting Friday preceding the stormy general session of the society Friday afternoon.

C. Boone McClure, director of the museum, said ballots went out to 110 directors Wednesday and that the results should be in within the next 10 days.

Five directors will be elected to serve on the executive board along with officers named in the general session Friday.

Ballots will be counted by Patterson and McClure, who was named secretary Friday. Officers, other than Patterson and McClure, include Joe Mabee, first vice president; Jay Taylor, second vice president; and Mrs. S.B. Whittenburg, recording secretary.

The Friday meeting developed into a battle between former Senator Grady Hazlewood and J. Evetts Haley, Sr., both members of the board of directors and past presidents of the society.

In a speech from the floor Haley accused Hazlewood and McClure of preparing a museum budget including exorbitant salaries for some museum employes.

The executive board recalled the $114,000 proposed budget and pared it back to $93,000. In spite of this the original proposal has been passed by both houses of the legislature.

McClure Wednesday said the proposed $114,000 budget is now in conference

Workman Dies In Accident At Spearman

Allen W. Bryant, Jr., 49 years old, 308 Mescalero Trail, was crushed to death about 2 o'clock Wednesday afternoon in an accident near Spearman.

Mr. Bryant, an employe of Southwestern Public Service Company for the past 18 years, was helping to crib in a transformer at the Spearman interchange when the accident occurred.

A spokesman for the utility company said he was caught between a vehicle and the transformer and crushed. No other details were immediately available.

Funeral services are pending at Boxwell Brothers Funeral Home in Amarillo.

Survivors include the wife; a son, Michael Dwayne; and a daughter, Janis Sue.

Parachute Fails, Kills Skydiver

MIKE PARMLEY

Final rites for Lt. Mike Parmley, 24, who parachuted to his death Sunday when his handpacked parachute failed to open, were held Tuesday in Lawton, Oklahoma.

Parmley, a 1970 graduate of West Texas State University, was making his 45th jump from a Cessna 182 flown by Jim West of Canyon when the chute failed to unfold.

Judge W.W. Hancock, who interviewed witnesses to the accident, stated that apparently Parmley was "doing everything he could" to try and save himself. Witnesses told Judge Hancock that the victim was "kicking and pulling on that cord all the way. . .but there was nothing to stop him from hitting the ground."

Though Parmley was a commissioned second lieutenant in the U.S. Army, he was on two months leave from Ft. Hood when the accident occurred. He was making the jump with the Amarillo Skydiving Club.

Mrs. B.F. Luginbill of Amarillo, whose son Ron, past ASC president, jumped from the same aircraft Sunday afternoon, stated that she thought it was Parmley's first jump with the organization.

Parmley fell some 7500

Loop Not Pressing Declares Engineer

Acquisition of right of way for another segment of Loop 335 was discussed at Randall County commissioners court Monday but Highway Department officials say the need for completion of the loop is not as pressing as it once was.

Randall County faces the need for a bond issue if loop right of way is to be acquired in the near future, Commissioner Glenn Dowlen told the court Monday.

Chili Smith, Texas Highway Department district engineer, said the next segment of the loop calling for right of way purchase will be 6 miles east from Washington, thence 4½ miles north to the Potter County line.

One segment of the loop already has been completed, this being from the Expressway east to Washington Street.

Smith said a 250-foot right of way is being required for the loop because it may someday be widened into a 4-lane thoroughfare if the need arises. Primary construction is two-lane.

Over most of the loop route the county already has 60-foot right of way.

Smith pointed out that purchase of right of way is a partnership between the county and the state with the state reimbursing the county for half the purchase price.

Smith said he plans to talk the matter over with Randall County commissioners within the next few weeks.

He recalled that a Randall County bond issue for purchase of loop right of way failed in the late 1950s.

Anyway, the district engineer said need for the loop is not pressing now because traffic is being handled well by expressways already in use. He said he thinks the loop would enhance tourism in the area.

In other business, the court heard a request by Commissioner Jim Fletcher for assistance for a volun-

Honor Right, True Says Wayne Thomas

BY MARGO CRABTREE

"Honor is a cultivated sense of what is right, just, and true," stressed Wayne Thomas of Hereford to Panhandle honor students at the West Texas Chamber of Commerce fourth annual Outstanding West Texas Scholar Awards Banquet.

Thomas, chairman of the coordinating board of the Texas College and University System, applauded the 57 honor students for their contributions to their schools, communities, and their families, and challenged them to "make the world a better place in which to live."

"I think it is great to 'do your own thing'," Thomas encouraged, "but do not be misled into thinking that is an excuse to do nothing — to be dropouts from society."

The West Texas State University graduate spoke to the students and their parents in the East Cafeteria on the WT campus before each high school student was introduced individually and honored with a certificate as an outstanding scholar.

"There is no need for you to be turned off or tuned out — your talents are too badly needed," he explained. "The demands on your ability and the need for its continued application are great."

The speaker noted that there is no place or point in an individuals' life when he will be able to "stand still."

"You either forge ahead through application or you will be pushed backward by lack of application or by dread circumstances."

He continued, "The life cycle doesn't stop — either physically or mentally."

Thomas quoted Shakespear in urging the honorees to respect themselves and in turn respect others.

"If we believe in democracy, we must also respect the opinions of others — and have some understanding of why others hold convictions which we do not necessarily share."

He concluded declaring that Americans are a "can-do" people, and an optimistic people.

"I believe this healthy optimism will recover from the onslaught of defeatism and

$2500 Balm Asked

Riders On High Horse

A lot of Randall County riders are on a high horse, purportedly over a raise in dues by the American Association of Sheriff's Posses and Riding Clubs.

Old trail pards aren't riding together anymore. Two segments of the Randall County Sheriff's Posse have ridden in different directions and a damage suit has been filed in the court house in Canyon.

Jimmy Plain, a past president who stayed with the RCSP, says it happened something like this. The American Association went up on its dues.

A bunch of the waddies in District 2 of which the Randall County club is a member didn't cotton to national's grab at their flank pockets.

In a December meeting several clubs in the district voted to pull out. The national association looked with a jaundiced eye on this heresy.

Randall County Pokes stuck with the home brand for the most part but a few were walking the fence.

Since then there has been a schism in the Randall County club with the prodigals forming the Palo Duro Rangers Association and joining up with the rival United Association of Riding Clubs.

Now comes the American Association of Sheriff's Posses and Riding Clubs, District 2, praying that the honorable 47th District Court of Randall County, Texas will order the return of an $1100 bank account, the cash equivalent of $1500 worth of equipment and assuage its injured feelings with the balm of $2500 exemplary damages, plus $750 in attorneys' fees.

Defendants named in the suit which is titled Cause No. 10908A are Lena Houseman, James Donaldson, Floyd Husted, Ernest Byrd and Bill Collins, all of Amarillo, Potter County; James Simpson and Hugh Poarge of Tulia; Evelyn Lamb of Canyon; De Ann Taylor of Pampa; and L. R. Iker of Fritch.

The suit alleges that the "defendants jointly and generally converted $1100 in cash and other property belonging to the American Association of Sheriff's Posses and Riding Clubs, District 2."

The suit sets forth as property having been converted three electric timers, three intercom units, two receivers, one master intercom unit, books, flags, and records of minutes of meetings.

It alleges that $1100 was withdrawn from First National Bank of Canyon after Evelyn Lamb had ceased to be

FROM THE CANYON RIM

Saddest aspect of what happened at the Panhandle-Plains Historical Society last Friday afternoon is not how much the museum will suffer as a result but the dissolution of friendships which have withstood a half century.

Evetts Haley, Sr., and Grady Hazlewood — both conservatives — have stood shoulder to shoulder through the years and they must still have some affection for each other in spite of the bitter words that have passed between them.

They have worked together in building the Panhandle-Plains Historical Museum and it is sobering to think that one of the focal points of the lives of both have come between these old friends.

Those of us who admire them cannot help being saddened by the turn of events.

Hazlewood offered to quit the society if Haley would do so. Haley said he would have nothing further to do with the museum.

I think both men are wrong in taking such positions. They are valued members of the board of directors and as such I think they should have one vote each.

As for The Canyon News, I freely admit that this newspaper through a sin of omission played a key role in what took place at the Golden Anniversary meeting of the historical society — an event that should have been a high point rather than something to be forgotten.

The News did not exercise diligence in an effort to cover meetings of the executive board — the board which is charged with operating the museum.

Had we at The News been regularly publishing the actions of this board, its reports and budget information the storm over operation of the museum would not have broken like a thunderclap last week.

If the museum is really a public institution like its director, C. Boone McClure, declared it to be Friday before the general meeting of the society, then all the actions of the board which operates it should be public information.

We are going to expend every effort to provide such coverage and reporting in the future.

The Panhandle-Plains Historical Museum belongs to us all. The relics it houses are priceless for through them we stand on the shoulders of the past and tiptoe with outstretched hands to the future.

By way of explanation, The Canyon News did not carry in its Sunday edition a Hazlewood answer to criticism levelled at him Friday by J. Evetts Haley, Sr., because Senator Hazlewood did not make such an answer available to us.

I personally talked to Senator Hazlewood Friday afternoon during a recess at the society meeting and was promised that any such statement would be available to The Canyon News.

Senator Hazlewood released a reply to The Amarillo Sunday News-Globe but neglected to make one available to The News.

I contacted Senator Hazlewood at his Austin office Monday and asked for his reasons. He told me he had been worried, frustrated and in a hurry to get back to Austin.

He apologized for his oversight and I accepted his apology and his explanation. I am reporting the incident only to let the readers of The News know why the senator's reply was not carried in this newspaper.

Col. Thomas Stafford, the Apollo 10 astronaut, says we'll be harvesting moisture from clouds in the near future. That means we'll have no more drouths like the one which has the Panhandle in its grip right now.

If what the colonel says is true, then maybe it's just as well that we didn't spend $8 billion on a canal to bring Mississippi water to the Panhandle.

There's a lot of criticism of the Metro Squad on the West Texas State University campus. Most of the squawking is coming from a very few.

Primary assignment of the Metro Squad is narcotics.

Next time someone complains about the university participating in the Metro Squad, ask him for specific reasons.

The personal background of some of the severest critics might indeed prove interesting.

Our World

BY ANN BROWN

The Now generation has made drastic charges against their forebears. Many are the ridiculous; one, however, is tragically true; hypocrisy.

Our coins declare we trust in God. Trust implies obedience. Consider just one facet of our national disobedience. God said "You shall not steal." Paul was emphasizing this law when he commanded ". . .if any would not work neither should he eat."

In New York City alone, authorities estimate drug addicts steal 10 million dollars' worth a day. The masses huddle behind locked doors in fear for their lives. Terrible? But the addicts do not pretend to be law-abiding citizens.

When the Commander-in-Chief of our nation wants to give every American a decent living whether or not he chooses to work, that is larceny on a scale that dwarfs the addicts' petty thieving.

Where does Mr. Nixon propose to get the money to support the estimated 20 million people who qualify for his "family assistance" hand-out? From the taxpayers, of course.

Webster defines stealing as taking the property of another secretly or without his permission. There is probably not a worker alive who is willing to give up his hard-earned money to support an able-bodied person who refuses to work.

Perhaps we shrugged at the information that one in eight New Yorkers was on welfare, and 14,000 persons were being added to the rolls every month. But when Mayor Lindsey asked the federal taxpayers (that's us) to help him feed his idlers, we became alarmed. (If New Yorkers can gamble a million dollars on one horse race, why can't they feed their own indigents?)

Now, Max Sherman tells us that 12,000 people are being added to welfare rolls in Texas every month! Who will bail us out?

How long before the American worker either rebels against this legal thievery, as he did in Boston 195 years ago, or quits working so the government will find nothing to steal from him?

Larceny is not confined to Washington; it is prevalent almost everywhere that public funds are available. From county seats to the White House it is spend, spend, spend!

Raise salaries! Add people to the payroll! Increase taxes! This vicious circle continues without any consideration for the burgeoning public debts, and bleeding taxpayers. Our young people have a right to complain. We are stealing from them and from generations yet unborn. Inevitably, the balloon must burst.

No nation in recorded history that penalized the industrious to reward the lazy has survived. How can we hope to be an exception?

The guaranteed income is supposed to restore self respect to indigents. No one can expect to act inferior and be respected as an equal. How can any able-bodied person respect himself while he lives on the labors of another — or the income of his grandchildren?

In the final analysis of our welfare program it is questionable who is the most miserable: the hosts or the parasites. All play and no work is no more beneficial than all work and no play.

Let's quit being hypocritical. We do not trust in God or we would try to obey Him. Supporting idlers is morally wrong as well as direct disobedience to God's commandment. Why not remind your Congressmen of that fact?

Letter To The Editor

Dear Troy:

All of us are aware of the need for better methods of financing sewage treatment facilities by our cities and towns in Texas. Our population is growing, adding new burdens to sewage treatment plants which are not able to properly eliminate wastes in many areas, further polluting streams, rivers, lakes and land areas.

At present, each local community or city must bear 67% of the high cost of improved sewage treatment facilities. Amendment 4, to be voted May 18, would make $100 million in state bonds available to help cities with sewage treatment. By making low interest rate loans, which would reduce the city's primary outlay to only 20%, we could gain $200 million in federal funds to help the cities reduce their initial expense for additional or completely new sewage treatment facilities.

It's strange to me that our opponents say Amendment 4 is in some way connected with the "Texas Water Plan", which is not true. They object to the raising of the limit of bond interest to a ceiling of 6%. But this is absolutely necessary or Texas will not be able to sell its bonds at competitive rates, regardless of how many bonds we vote.

The fact is that passage of amendment 4 will reduce the local tax burden for sewage treatment. It will help bring back $200 million in federal tax money to help us solve sewage treatment problems. It will benefit our health and environment by cleaning up streams, rivers, lakes, and land areas now becoming dangerous. It will save water. There are many other reasons our state cannot afford to lose this election. I am enclosing some additional information to answer any questions you may have, and I am personally asking your help and your influence to get this very important amendment passed.

Remember, if your city does not *now* need this sewage treatment improvement, population growth and continued depreciation of present facilities will make this amendment 4 very attractive in the future, when you *do* need it.

Thank you for all the help you can give us. We think this issue is very important and we are concerned that several organizations have grossly misled the public in regard to Amendment #4.

Sincerely,
Preston Smith
Governor of Texas

Special Program Parents To Meet On Monday Evening

Parents whose children are in special programs at Rex Reeves Elementary School will meet Monday at 8:30 p.m. in the school's auditorium.

The group will discuss the summer enrichment program and visit in the children's rooms. Parents may register their children in the summer program at that time.

All parents are urged to attend.

There are some 370 children in the Canyon Independent School District currently in the special programs.

PNC Meets May 11

Plains Nutrition Council will meet at 6:30 p.m. Tuesday in the East Cafeteria on the West Texas State University, according to John McNeill, head of the animal science department.

Ray Anthes, Lubbock Grain Exchange director, will discuss "Criteria for Grades and Standards of Grain Sorghum."

The council meets quarterly and consists of consulting nutritionists and persons associated with the feed lot industry, McNeill explained.

News Brief

Sgt. and Mrs. Schiller of San Clemente, California are presently visiting in the homes of Mr. and Mrs. O. O. Henry and Mrs. J. O. Baker of Happy.

Nail Injures Chris Gerald

A carpentry accident sent Chris Gerald to High Plains Baptist Hospital in Amarillo for eye surgery Saturday afternoon.

The son of Mr. and Mrs. Charles E. Gerald, 3201 Conner Dr., the victim was putting up a shelf at Consumers Fuel Association and Elevator when a nail bounced back and hit him in the left eye.

The hospital listed his condition as satisfactory Tuesday. A spokesman said he was "doing real well."

Mrs. Gerald said that her son hoped to come home this weekend.

Gerald is a freshman at West Texas State University, and was recently elected a cheerleader for the coming year.

Tracksters Battle MVC Hosts

West Texas State's track team went through its final warmup prior to the Missouri Valley Conference meet Friday and Saturday at Wichita, Kan., with an 85-61 dual meet victory over the MVC hosts.

The Buffaloes and the Shockers met Friday evening in Liberal, Kan., for the dual.

Coach Bob Kitchens' Buffaloes set four school records during the dual — in the high jump, mile relay, 880 and mile run.

Canyon sophomore Steve Butler high-jumped 6-8 for the first place and a new school standard. The Buffalo mile relay team of Percy Mays, Tracy Dickson, Harvey Hudspeth and Steve Cone ran 3:16.5 as all four runners broke under 50 seconds.

Mays, a Hereford freshman, led off with a 49.8. Dickson followed with a 48.4, Hudspeth ran 49.8 and Cone 48.5. It was the first time this season all four Buff runners have broken 50-flat at the same time.

Hudspeth ran 1:54.0 in the 880 for a school mark, but was second to Wichita's Carl Nicholson, who had a winning time of 1:53.5. Jim Hogan was second to Wichita's Allen Walker, but still set a new school record. Walker won with a 4:16.2 time and Hogan had 4:16.3.

Kitchens' Buffaloes placed second to Drake in the MVC indoor meet, but strong North Texas State didn't enter that event.

Umbarger News

BY SUSAN DOLLE

Last February, Mrs. Gertrude Fischbacher received a letter addressed to Mrs. T. Fischbacher, Swiss Peoples — Farmers, Umbarger, Texas, U.S.A. It was from her former employer's son, who wanted to visit in the United States. Mrs. Fischbacher had worked for Albert Bernhard Bannwart's family in their restaurant forty-four years ago and was entertained with a wedding dinner there before she and her husband left Mosneaneg, Switzerland.

Mr. Bannwart arrived in Texas April 16 and visited Mrs. Fischbacher and her family until May 3. They toured a portion of Mexico and visited with relatives in Carlsbad.

This was not Mr. Bannwart's first trip. He proudly showed his seventh passport. He has visited eight other countries and spent fifteen years in Brazil. He speaks seven languages. He said that one of his most memorable experiences was visiting Brazilian Indians, who are out of touch with civilization. Traveling by plane from Sao Paulo and then by motorboat for a week, he and a guide filmed the Indians' activities, shot tigers and crocodiles, and ate turtle meat and corn, the natives' staple food.

Mr. Bannwart found Texas enjoyable. He said, "America is a big and a rich country and it has nice people." By way of Portugal, he is returning to Zurich where he is a bookkeeper in the Swiss Credit Bank.

Boys can't wait until their 16th birthday to get a driver's license. Glen Stocker couldn't wait for his 17th, so that he could be licensed by the Federal Aviation Agency to fly a plane. After starting lessons last summer, Glen received his pilot license two weeks ago.

When asked why he started flying lessons, he said he "liked the looks of it." He had more than a little inspiration from an older brother Gene, who now flies for Braniff Airlines out of Dallas. Glen said he liked the planes Gene flew in the Army.

That was when Glen was eleven. When he was fourteen, he flew in a 727 to Dallas. Last summer he worked on a farm for Charley Howard and used his earnings to pay for flying lessons from Amarillo Flying Service at Tradewinds Airport. He has flown a Cessna 150 and 172. He made his first solo flight after seven hours of flying and in typical boy fashion said he wasn't worried about the trip.

Presently, Glen is a junior in Canyon High School. He plans to enter the service after graduation and continue flight training. In a few years when you are flying somewhere, check the cockpit; Glen Stocker might be the pilot.

200 Expected At Trail Ride

Some 200 persons are expected this weekend at the fifth annual Palo Duro Canyon State Park Trail Ride sponsored by the Canyon Chamber of Commerce and the Amarillo Chamber of Commerce.

Registration for the three days of festivities will run from 9 a.m. to 8 p.m. Friday at the Goodnight Trading Post.

Play day games will begin at 6 p.m. in the canyon.

The first trail ride departs from the camping site at 9 a.m. Saturday and will return for lunch at noon. The queen contestants will compete at 1:30 p.m., and the afternoon ride will depart at 3 p.m.

Queen crowning ceremonies will be held at 8:30 p.m. Saturday in the Pioneer Amphitheatre, and trophies will be awarded for the oldest mounted trail rider, youngest mounted trail rider, best equipped trail rider and neatest campsite.

Music will be provided by the Canyon High School stage band under the direction of J.W. King.

LeRoy Dove and his Western Aces will provide music for a dance at the Cottonwood Campsite following the coronation.

Sunday morning horseback services will begin at 8:45 and at 9:15 a.m. the riders will depart on the final trail jaunt.

The three-day affair will end at noon Sunday.

3 To Exhibit At Iris Show

Mrs. M. S. Downing, Mrs. C. C. Callarman, and Mrs. Joe Frank are to be exhibitors at the third annual show of the North Plains Iris Society to be held at the Amarillo Garden Center, 1400 Streit, Saturday. The show will be open to the public from 1:30 to 5:30 p.m. There is to be no admission charge.

The show is titled "The Beauty of Spring," and will include horticulture and arrangements divisions.

The English box, a display of six blooms, is new to the show this year. Only the blooms are visible.

FHA Holds A Hawaiian Buffet

A Hawaiian buffet was held in the Junior High Homemaking Department Friday for the mothers and members of the Jr. High Chapter of FHA.

The buffet was the highlight of the year's activities.

Special awards were presented to three students. The Outstanding Homemaker award was presented to Mary Jane Townsend, daughter of Mr. and Mrs. Charles Townsend. The FHA award was presented to Becky Blewett, daughter of Mr. and Mrs. Lynn Blewett.

The Crisco Award was presented to the Outstanding student in FHA and Home Economics. The recipient of the award was Lorraina Hudson, daughter of Mr. and Mrs. Isaac Hudson.

The girls who achieved their Junior Homemaking degrees were recognized. They were Lorraina Hudson, Jan Robinson, and Becky Blewett.

Special recognition was given to Dave Corley, Mrs. Bill Thompson, Mrs. Lynn Blewett, and Mrs. Darwin Reagen for their special service to FHA.

WT Enters Rodeo At Tarleton State

West Texas State University will participate in the 7th annual National Intercollegiate Rodeo tonight, Friday and Saturday night sponsored by Tarleton State College Rodeo Club.

The rodeo will be held at 8 p.m. at the Erath County Livestock Association Arena. Admission is $1.50 for adults.

Teams other than WTSU that will compete in the regional rodeo include Texas Tech, New Mexico State, Eastern New Mexico, Hardin-Simmons, Ranger Junior College, Oklahoma State, and New Mexico Military Institute.

Boyce, Hoover Enter State

James Boyce and John Hoover travel to Austin Friday and Saturday to compete in the state track finals for AAA schoolboys.

Hoover placed second in the 440 yard dash in regional meet with a time of 49.6, which was his best time during the year.

Boyce threw the shot put 52 feet, 3 inches for a second in the regional meet.

Tennis Teams Preps For MVC Tournament

West Texas State University's Buffaloes will take one of the nation's better records into the Missouri Valley Conference tennis tournament Friday and Saturday at Memphis, Tenn.

The Buffaloes of Coach David Kent have a 22-3 regular season record. They have won three tournaments and lost in the finals of the Oklahoma City University Tournament.

West Texas won its own tourney, the North Texas State tourney and the New Mexico State event, while losing in the finals of the Oklahoma City University tournament.

Of the 22 wins, 11 were by shutouts. The Buffaloes beat four of the five Southwest Conference teams they faced — Arkansas, Baylor, Texas and Texas A&M. They lost to Rice.

Among the wins are two over teams which held national rankings prior to the season — Oral Roberts University and the University of Oklahoma.

Buffalo Coach David Kent expects to announce the signing of two state champions within the next several weeks to replace his two departing seniors — Leo Estopare and tough reserve Alton Setliff.

Kent's record in two years at West Texas is 40-11.

Estopare, the number one singles player, had a 19-6 record this year, compared to a 25-5 standard last year. Kent, however, says Estopare played even better than he did during his junior year. The St. Louis senior teamed with Mike Bolton for a 19-3 record in doubles. Estopare won the Tri-State Invitational in Amarillo in singles and teamed with Paul Tobin to win the doubles title.

St. Louis junior Tobin, who played in the number two position most of the season, has a 20-5 record, after an 18-11 standard in 1970. He and John Phillips have a 17½-3½ mark in doubles.

Bolton, a junior, had a 20-5 mark this year and was 20-9 last year.

Phillips, former high school state champion from Snyder, Tex., compiled a 20-3 mark in this, his freshman season. He played in the number four position most of the year.

Wichita Falls freshman Dale Corbin was 14-2 in singles matches. El Paso freshman Joe Carrick had a 5-0 mark and Setliff, a senior, was 2-0 for the season. Setliff had a 10-16 mark in 1970.

Scott Pool, San Antonio sophomore, had a 7-7 mark this year, after finishing a 1970 with a 16-13 standard.

Pro-Am Play Set Monday

Golfers will begin teeing off at 9 a.m. Monday in pro-am play at the Hunsley Hills Golf Club.

Three amateurs and a pro will play in each foursome, said pro Dale Newman, who expects between 80 and 100 players to enter.

Amateur entry fees are $6 each.

Newman said that men will get half their handicap and women all of theirs, up to 18 strokes.

Cathedrals Pictured In Museum Gallery

Photographs of French churches and cathedrals make up a show which opened recently in the old art gallery of the Panhandle-Plains Historical Museum.

Facades, details and interiors are included in the nearly 150 pictures provided by the Ministry of Foreign Affairs in Paris through the Cultural Services Division of the French Embassy in New York City.

France's famous cathedrals are to be seen along with lesser known houses of worship. Widely-known buildings in the show include Notre Dame of Paris, Chartres, Rheims, and Strasbourg.

The show concentrates on the Romanesque and Gothic periods of architecture, covering the 11th through the 15th centuries.

In a case in the gallery, color pictures of stained glass windows from some of the same churches will be on view.

French and art classes from West Texas State University will be using the display in their studies, and surrounding high schools have been notified of the show.

The travelling exhibit was obtained through the University's Modern Languages Department.

The show will close May 30.

K. Wendland Outstanding Ag Teacher

Kenneth Wendland, head of the Agriculture Economics department, was selected Outstanding Agriculture Professor by members of the Ag Honorary Club during a breakfast Tuesday.

Dr. Robert Busteed, head of the biology department, was named Outstanding Professor Outside the School of Agriculture, at the first annual Honorary Breakfast.

Wendland, completing his first year at West Texas State University, received his undergraduate and master's degrees from Texas A&M, and will complete his doctorate work there.

Ron Thomasson is sponsor of the Ag Honorary Club on the WT campus.

Pony Express Team Is 2nd

Palo Duro Rangers pony express team placed second in the No Man's Land Pioneer Celebration in Guymon, Oklahoma Saturday.

The Rangers participated in the parade Saturday.

Club members also held a pot luck supper at the Canyon City Club Friday night with some 45 members and five guests attending.

Mr. and Mrs. Jim Orands of Amarillo became members of the club.

Golfers Tie Three Ways

Three duos tied for first in a blind partnership tournament held at Canyon Country Club this weekend.

Scoring a low ball of 31 for nine holes were Bill Bell and Jim Westfall, Don Sheffy and Orville Hicks, and Charles McClure and Lloyd Childers.

Gary McBride, left, receives his Eagle Scout Award from his mother and father, Mr. and Mrs. John McBride, and Roy Markham, right, is honored by his parents, Mr. and Mrs. John McBride during a Court of Honor for Troop 66 at the First Christian Church in Canyon Monday.

Two Receive Eagle Awards

Roy Markham and Gary McBride received Eagle Scout awards Monday night in a court of honor for Troop 66 at the First Christian Church.

Markham, son of Dr. and Mrs. J. L. Markham, was presented the award by Rev. Baldwin J. Stribling. McBride, son of Mr. and Mrs. John McBride, was given his Eagle Award by Charles Peckenpaugh.

David Low was master of ceremonies during the ceremonies.

Tom Trew presented Tenderfoot Awards to Mike Childers, Randy Langen, Mike Mebane, and Bobby Taliaferro.

First Class Awards were presented by Donald Day to Jay Langen, Steve Wilbur, and Alan Mardis.

Those receiving merit badges were Jay Langen, camping and fishing; Alan Mardis, personal fitness; Dale Ratliff, swimming; Gary McBride, citizenship in the community; Steve Wilbur, swimming; Ray Markham, citizen in the community; David Low, signaling and life guarding; Tim Basher, life saving; and Bob Lindsey, swimming.

FFA Teams Place At State Contest

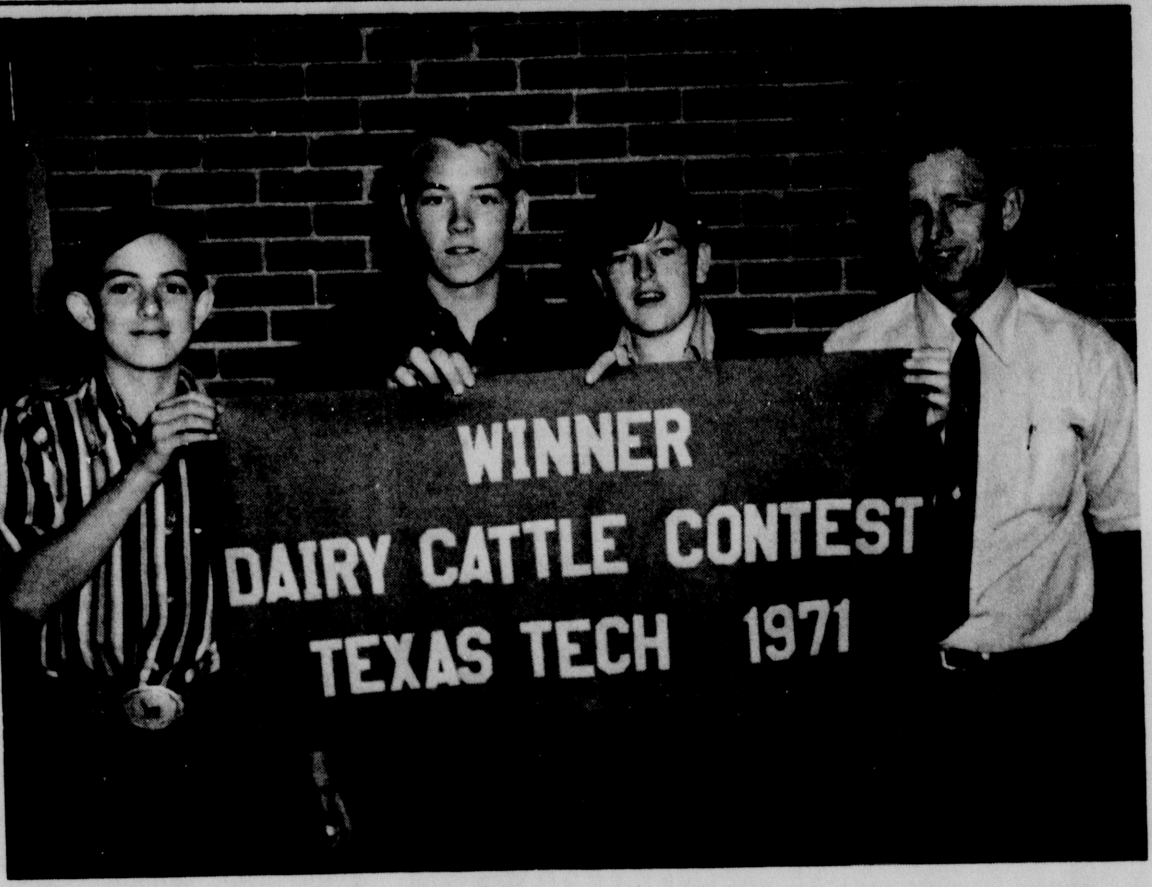
The livestock judging team from Canyon High School's FFA Chapter placed 20th, and the dairy cattle team placed 36th in state competition at Texas A&M Saturday.

The state's top 100 teams, ten from each area, were in contention for top honors.

Marcus Phillips, vocational agriculture teacher at the high school, said that the livestock team was only 51 points from first place. Scoring was done on a basis of 1800 possible points. In fact, Phillips said, the chapter scored 40 points higher in livestock judging than last year's first place winners.

Livestock judges were Rick Hales, Mike Trammell, Scotty Keeling, and Pat Trammell.

The dairy cattle judges were Raymond Hunter, Steve Ross, and Mike Kelly.



Judging dairy cattle at Texas A&M Saturday were, left to right, Steve Ross, Raymond Hunter, and Mike Kelly. Sponsor Marcus Phillips is at right.

Band Concert Planned Tonight At High School Auditorium

Bands from Canyon High School and Canyon Junior High School will present a concert in the high school auditorium at 7:30 tonight.

The high school band, directed by J.W. King, are to perform "The Entry March of the Boyares," "Meditation" from "Thais," "Pas de Deux," and "Masque." Gary Laramore is to direct the group in "Sonus Ventorum."

The junior high school's Concert Band is to play "General Lee March," "Belmont Overture," "Scarborough Fair," and "Tropical Twilight." Gary Laramore will direct, except for "Scarborough Fair," which is to be led by Miss Chris Anderson, student teacher.

The Symphonic Band from Canyon Junior High is scheduled to perform "The Gladiator March," the prelude to Act One of "La Traviata," "Slidin' Saints," and "Italian Festival."

"Slidin' Saints" will feature a trombone quartet made up of Cheryl Sykes, Harold Thompson, Kevin Youngblood, and Eddie Wilson, plus a Dixieland combo composed of Leslie Baird, Patricia Maxwell, Harold Thompson, and Phil Podzemny.

Band Parents will meet at 7 p.m. in the school cafeteria to elect new officers.

Admission to the concert is $1 for adults, and 50 cents for children.

5 To Work In Missions

Five students will represent the WTSU Baptist Student Union in mission work this summer.

Summer missionaries, sponsored by the Student Division of the Baptist General Convention of Texas are Rachel Toscano of Skidmore, who will work in Peru, and Nancy Smith of Dumas, who will work with the Division's junior college project.

Nancy Hunter, Amarillo, will serve under the Home Mission Board in California, and Frances Hampton, Littlefield, will do home mission work in Washington and Oregon.

Mike Jeter, Hereford, is to conduct youth revivals in Wyoming and Canada for about two weeks.

Alternates for the Home Mission Board's program are Pam Mills, Moscow, Kan., and Jerry Crain, Canyon.

BSUers raised $312 for the Summer Mission work with a garage sale Friday and a car wash on Saturday.

WT Golfers Conference Play Friday

West Texas State University's golf team, led by freshman Jerry Boeka, compete Friday and Saturday in the Missouri Valley Conference meet at Wichita, Kan.

Boeka, former Amarillo High player, has paced the Buffalo golfers all season.

Other players for coach Vern Farquhar are Ronnie Moxom, Bunky Preston, Jim Lewis, Eddie Kilmer and Mike Wells. Moxom is a junior from Borger, while Preston and Wells are sophomores and the other players are freshmen.

Preston and Lewis, like Boeka, are from Amarillo, Kilmer is from Clovis, N.M., and Wells is from Plainview.

CHS Students Win In State

Stephen Daugherty and Katy Sue Cogburn placed third and seventh respectively in state competition in Austin Saturday.

Daugherty, son of Dr. and Mrs. Frank Daugherty, took third place honors in the science division with a total of 101 points.

Miss Cogburn, daughter of Mr. and Mrs. A.E. Cogburn, was seventh in shorthand.

Both students are seniors at Canyon High School.

Daugherty plans to enter Vanderbilt University in the fall and major in pre-med. He currently plans a career in medical research.

Landscaping Tips Given By County Agent Brazzil

BY NELL WILLIAMS

A landscape short course tailored to this area was offered to home demonstration club members recently by John Brazzil, Randall County agricultural agent.

Others who assisted in the spring study included Everett Janney, landscape horticulturist from Texas A&M, and Mrs. Becky Hall, county home demonstration agent.

Brazzil said that grasses, which are basic to landscaping, should be planted first. There are 552 species in Texas, he said. He recommends buffalo grass, blue grass, and common bermuda for this area.

It will take three or four years for all the seeds of a buffalo grass planting to germinate, said Brazzil.

The way to manage weeds, he said, is to grow grass stronger than the weeds to choke them out.

Grass clippings should be caught in a bag, the county agent advised, because they harbor disease and soil insects.

He warned his listeners to be aware that trees are not native to the High Plains, except in valleys and creekbeds. However, he listed some that can be planted with success.

Among shade trees, he suggested the thornless honey locust, a hardy tree with fairly rapid growth. It is a little messy and does not have a dense canopy, however.

The fruitless mulberry is another which grows fairly quickly. It is sensitive to the cold when young and is susceptible to tent caterpillars, but makes a nice tree, he said.

The western soapberry has amber fruit and good foliage color in the fall, said Brazzil. It is not a chinaberry, he added.

The slow-growing hackberry is hardy with a very rough bark. It can be made into a nice tree, said the speaker.

The green ash can make a tree up to 40 feet tall after it becomes established, he said.

The black walnut is messy and slow-growing, though not as slow as pecan, he said.

It is possible to have success with pecans, though the problem of transplanting is complicated by its tap room. It should be planted as fresh as possible, he said. The grower should wrap the bark for the first two years, and provide lots of water. He said that the tree will not mature nuts every year. It is all right to plant flowers around the base. He recommended watering at a trickle from the base for two days each month, soaking to a depth of four or five feet. The tree should be watered in the winter as well as in the summer because a well-watered tree is less likely to freeze back.

Those who want willow trees would be well-advised to use a desert willow like the catalpa, said Brazzil, because the other varieties call for a tremendous amount of water.

Redbuds will give early color, said the agent.

Mimosas, he said are a little too tender for this area and are likely to get sun scald on their bark.

Evergreens on the recommended list include Ponderosa and Austrian pines, and Colorado blue spruce, which need moisture every day.

Fruit trees which Brazzil said have some success in the area are crabapple and apricot. The crabapple can grow to about 12 feet high and is hardy and long-lived. It will make fruit most years, he said. The apricot is also long-lived, but doesn't produce much fruit. Other fruit trees are likely to be short-lived.

Shrubs to choose from would by pyracantha, nandina, jasmine, bridalwreath, mahonia, euonymous japonica, and boxwood, the agent stated.

Perennial flowers which will do well include iris, day lilies, chrysanthemums in many varieities, Shasta daisies, dahlias, and roses.

Most annuals will grow about as well here as anywhere, but should not be planted too early, he said. About May 20 or May 25 is the time he recommends.

CHS Chorale Acclaimed At Festival

Canyon High School's Chorale received a standing ovation and Honorable Mention following their singing performance at the Buccaneer Festival in Corpus Christi Saturday.

Bill Lyon, choir director, said no AAA school at the festival received an outstanding award, but the Canyon group was the highest AAA choir honored at the festival.

"The kids were so emotionally and musically involved in the last number they sang," the director said, "when we finished the people in the audience gave them a standing ovation, and I looked around and there were tears in some people's eyes.

"In fact, some of our kids had tears, and I even got choked up," Lyon recalled.

Both the Boys' and Girls' Choirs received II's for their singing performances.

300 Animals Vaccinated

Some 300 dogs and cats were vaccinated for rabies during a two-day rabies drive conducted by Veterinarian Dr. J. L. Markham.

Dr. Markham said the number vaccinated this year was above the total for the drive last year. He urges residents with pets that have not been vaccinated to bring the pets in on a leash anytime.

Teen Hits Hole-in-One

Mark Fritts, 13-year-old junior high student from Amarillo, hit a hole-in-one on the Canyon Country Club's seventh hole Saturday.

Club pro Bill Mullican said that the golfer used his driver to score on the 165-yard hole.

He is the son of Mr. and Mrs. Marvin Fritts.

Family winners scored high Sunday in the District 2 American Association of Sheriff's Posse and Riding Clubs playday in Amarillo. Connie Davis grabbed 30 points to claim the Junior Girls Division, and her father Archie D. Davis was named high point individual in the Senior Men's Division.

Holwig Quarterbacks Maroons In Scrimmage

Big Ed Holwig will quarterback the Maroons, while Alan Magee and Ron Leach will divide time for the Whites in Saturday's spring training final for the West Texas State University football squad.

Holwig, the 6-4, 215-pounder from Highspire, Pa., played every play on offense last fall as the Buffaloes compiled a 7-3 record. Leach was on the varsity squad, but was red-shirted and Magee is a freshman.

Coach Gene Mayfield and his staff won't divide the squad for Saturday's 7:30 p.m. game in Buffalo Bowl until Thursday.

"We have had so many injuries lately, we will have to wait until then to see who will be able to play and which players will not be able," said Mayfield Monday.

Due to the number of injuries, Mayfield set his charges through a no-contact day of practice Monday and won't call a great deal of hitting for the remaining two practice sessions.

"We will probably divide the team as we have been doing for the Saturday afternoon scrimmages — the first team against the second," said Mayfield.

The new Buffalo head coach and athletic director has been pleased with the progress of his squad during spring drills, but is quick to point out that much more progress is needed.

"Our offensive line blocking has come along during the drills, but the young men know there is much more to be done. We still lack consistency with our blocking and our defense."

Mayfield praised the work of Holwig, but would like for either Leach or Magee, or both, to come along as passers. Leach has been bothered this spring by a sore shoulder and tender finger tips on his right throwing hand

"Alan has good leadership qualities and does many things well, but he just doesn't throw the ball well at this time," said Mayfield. "We hope he will take a ball home with him this summer and work on that phase of his game."

The head Buffalo coach has been impressed all spring with the work of veteran fullback Rusty Tucker and rookie Billy Pritchett, but he quickly admits there have been some pleasant backfield surprises.

"Mike McCullough switched to the backfield from split end and has been impressive," said Mayfield. "George Crossman was a linebacker, a little too short for that position, but he's a strong runner at fullback. David Diedrich, a Liberal, Kan., freshman, has impressed us at fullback, also and little Mark Semkew has shown some real quickness and toughness."

Mayfield said he and his staff considered dividing the team into equal groups for the Saturday night spring game, but changed their minds.

"Whichever team with Ed at quarterback would have a big advantage, unless the team was stacked against him, so we decided to go with first unit against second unit," said Mayfield.

Admission for the game will be $1 for adults and 50 cents for students.

CJHS Students Win At WTSU Olympics

Seven Canyon Junior High School students were awarded ribbons at the recent Special Olympics held at West Texas State University.

Robena Johnson was a multiple first place winner and will be one of twenty students from the surrounding area selected to attend the State Meet in Abilene May 20-22. Over 500 participants were involved in the WTSU meet.

Miss Johnson took first place in the running long jump, the standing long jump, and the 100-yard dash.

Barbara Hall won first place in the softball throw and second place in the 50-yard dash; Larry Don Carter won second place in the 100-yard dash; Karen Hensley won second place in the 50-yard dash and second place in the 100-yard dash; Debbie Bednorz took third place in the 50-yard dash; Ronnie Burt won third place in the softball throw; and Jimmy Jackson received a participation-sportsmanship ribbon.

Glider Wins First Place

A glider manufactured by Canyon Plastics won first place in a meet at Shawnee Mission, Kansas, Sunday.

Mr. and Mrs. Jesse M. Jones accompanied the plane and its pilot, Dr. Val Hutcheson of Amarillo, to the event, which had about 40 entries.

The radio-controlled sail plane, a Schweizer 1-26, has a wing span of six and a half feet, Jones said. He is general manager of the plastics firm.

VBS Workers Meet At FUMC May 10

Workers for the Interdenominational Vacation Church School will meet in Fellowship Hall of the First United Methodist Church at 9:30 a.m. May 10.

The purpose of the meeting is to get acquainted with other workers, seeing the rooms available, and making plans for future meetings by age groups.

Child care will be provided and workers may come as they are.

Commissioners Meet Tonight

Canyon City Commissioners will appoint a new water and sewer superintendent at their regular meeting tonight in the Canyon Community Center, according to City Manager George Loudder.

Robert Rogers has been acting superintendent of the department for several months.

Other items on the agenda include the awarding of bids for a ground storage water facility and a crowler loader for the sanitation department.

Summer fees will be set for the city swimming pool, and commissioners will discuss Amendment 4 of the upcoming constitutional amendment election May 18. Amendment 4 has been tagged the "clear water" amendment.

Loudder said proposed personnel policies will probably be adopted at the evening meeting.

ning Commission.

Primary duty of the Metro Squad is narcotics investigation.

Stark said he concurred with the opinions expressed by his vice president.

With only 722 students of a 7,000 plus student body voting, Stark polled 403 votes in the April 23 runoff while Davis drew 319.

In the same election some 300 students expressed dissatisfaction with the university security department and Regent Don Curry noted concern over the poll.

Stark said Wednesday some security officers are good and some are bad. He said he doesn't think the security office should be run to satisfy any one person's prejudices. He then admitted he was referring to Security Chief Bobby Hudson.

Stark revealed that he is a government major and that he enrolled in West Texas last fall. He said he is a transfer from South Plains Junior College at Levelland where he attended school in 1967-68 and 1969.

Chief Probation Officer Col. E.L. Booch of Amarillo said Stark was transferred to his jurisdiction from Hockley County where he entered a plea of guilty Oct. 27, 1969 in 121st District Court to a charge of possession of a narcotic drug and was given five years adult probation.

Col. Booch said Stark is under direct supervision of Ralph Pray, adult probation officer.

Stark, a personable young man, is 22 years old. Booch said he was graduated from Levelland High School before attending junior college there for 1½ years. His friends normally refer to him as Nate.

Earl Gershenberger, dean of men at SPC, refused to give any information on circumstances surrounding Stark's departure from that institution.

Joyce Wrinkle with The Levelland Daily Sun-News said files of her newspaper reflect that Stark, along with six other SPC students, was arrested the night of March 11, 1969, on charges of possession of narcotics and that Stark was freed from Hockley County jail after posting $5,000 bond.

Police moved in after two months of investigation.

"The marijuana was found in quantities that could run from $1,000 to $1,500 on the open market in three different packets," The Sun-News reported.

Levelland Police Chief Les Johnson was quoted as saying the marijuana was found at Lamar Hall on the SPC campus and at two sites in the city of Levelland. Also reported to have been seized was a water pipe of a type sometimes used for smoking pot.

Chief Johnson said the investigation was begun after his department had received numerous calls from residents complaining of disturbances from several locations, according to the Levelland newspaper.

Files of The Sun-News for Oct. 28, 1969 report that John Nathan Stark was given a probated sentence of five years after pleading guilty before District Judge M.C. Ledbetter of Morton.

Perry said he would file a case directly against Stark and Student Chief Justice Dwight James said this case would be heard late Wednesday or some time Thursday.

teer fire department for Lake Tanglewood-Palisades.

He said about $1,500 is needed to repair a pump and buy hose for the department. A truck has been donated by David Casey, Lubbock, one of the developers.

The court agreed that decisions should be made on specific items of expense rather than turning $1,500 over to the new department.

Ray Mathis, a member of the Amarillo Fire Department, was elected fire chief of the volunteer department. Commissioner Bill Butler noted that the people in that area pay taxes and don't get much benefit for them.

The new fire department will be only an emergency unit to fight fires until help can arrive from Amarillo or Canyon. Tanglewood being south of Hollywood Road falls into the area of the Canyon Fire Department's responsibility.

Commissioners discussed a right of way dispute between property owners on Coulter Road and Southwestern Public Service Company.

Randall County Attorney George Dowlen told the court that the county has no liability if a car should run off a curve in the road and strike guy wires put up by the utility company.

In other business, the court took no action on 13 bids to supply insurance for county employes and purchased a transient for the county road department at $224.95 less rental already paid on the equipment.

Action on the insurance bids is expected a week from next Monday.

shall tell them they can choose their own teachers and administration.

"Television and radio will help us because TV is before them every hour of the day. With these gadgets to distract them we shall shout discord from dawn to dark.

"Soon they shall reject the Bible and establish their own morality.

"Once we develop violence and guilt the people will turn on the military, the military will blame the politicians and the politicians will turn on the administration.

"The whole strength of America will die and this will not cost us one penny because large corporations will finance the discord by financing the TV programs and the press will give us free publicity.

"We shall campaign against the American military-industrial complex. We will replace old values. We will convince them that they can hate their way to love, lie their way to truth and destroy their way to a free society."

"Be patient," the ghost warned his listeners. "Time is on our side."

Chaplain Baggett conceded that war is evil and that My Lai was cruel.

"But it was no more cruel than the 16 Vietnamese priests being lined up and mowed down by Vietcong machineguns," he asserted bitterly. "You didn't read about that because the press doesn't care about that.

"My Lai was wrong but they tried the wrong man. You and I are on trial, and that hurts at the gut level," he asserted.

He told graphically how the conflict in Vietnam is different from the war waged in World War II. He told of how little children there kill GIs and even booby trap bunkers where our soldiers seek protection from Red rocket raids.

"That's war," he said. "Whoever heard of a good war?"

The chaplain likened the death of Christ for the people of the world to the death of American soldiers for the freedom of their country.

Colonel Baggett said unprecedented numbers of conversions are occurring in Southeast Asia today. He said he is convinced that God is using the American presence there in this manner

The veteran officer and preacher pointed to a way to turn back the Red tide.

"We must teach our children to get excited when they see the flag and to be good, obedient citizens," he admonished.

"We must turn down the TVs and radios and begin to think.

"We must begin calling dirt dirt and junk junk.

"Then again the U.S. will become a symbol of freedom around the world and again our flag will be respected across the globe."

He said it has always been necessary to pay the price for freedom and he pointed to the 300,000 Americans who died in World War II.

"If we would win the war (spiritual and physical) in our own beings, this would be a glorious nation," the chaplain asserted. "She is only as good as we are."

He left his audience with a question: "If America does not stop communism, who will?"

WTSU Business Dean Named

Dr. Eldon Curtis Lewis of Wichita State University was appointed Monday dean of the School of Business at West Texas State University.

The appointment is effective July 1 and is subject to the approval of the university Board of Regents, which meets May 28.

Lewis, 37, professor of accounting and associate dean of the College of Business Administration at Wichita State, succeeds Dr. C.C. Callarman, 66.

Callarman steps down under a mandatory retirement policy for administrative heads after serving as chairman and dean of the School of Business since 1956. He will remain on the teaching faculty.

"We are very fortunate to secure his services," said Dr. James P. Cornette, university president.

The appointment was recommended to the president by a faculty committee which began its search for a new dean about a year ago.

committee.

The current museum budget is $99,000. The 1970 budget was $115,742 and the budget for 1969 was $96,825.13.

Haley also accused the former senator and some of his colleagues of using the museum as a tax dodge and lambasted him for methods used in obtaining the 488 proxies by which Hazlewood controlled election of officers and board members Friday.

A slate of Haley candidates for office was rejected and a slate approved by Hazlewood was elected.

Hazlewood declined to answer Haley at the Friday meeting.

"He wants to use the newspaper so you can't answer him," a Haley supporter predicted.

Hazlewood in fact did release a statement to The Amarillo Sunday News-Globe. The statement was not made available to The Canyon News although Senator Hazlewood Friday afternoon had promised The News any statement he might have to make.

Hazlewood said he had made his statement in reply to Haley to Amarillo Globe-Times publisher S.B. Whittenburg who had assisted him in collecting proxies for the battle with Haley.

Hazlewood apologized to The Canyon News Monday saying his neglect to make his reply available to the Canyon newspaper was an oversight.

Mrs. Levi Cole was a Thursday morning guest of Mr. and Mrs. A. L. Triplett and Bill Triplett.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor.

Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

President's Portrait Commissioned By Exes At WT

A color picture of WTSU President James P. Cornette and the awarding of fifteen ex-student scholarships to incoming freshmen headed the agenda at the Exes Board of Directors meeting held on the campus Tuesday night.

The color portrait of President Cornette has been commissioned by Bill Weaks of Plainview in return for a long term membership in the WTSU Phoenix Club. On completion the new portrait will hang in the ex-student suite of offices with presidents' Mr. R.B. Cousins and Dr. J.A. Hill.

The Exes Board voted to award fifteen tuition scholarships for the next school year. The number was increased from ten to fifteen scholarships last year at $100 per scholarship. This year the board voted to raise the cost of the scholarships to the state tuition level. The measure, which has passed the senate, would increase the amount to $250.

Of the 100 applicants who applied for the scholarships, those recommended for exes grants by the WTSU Faculty Scholarships and Awards Committee were: Nora Ellen Hefner of Amarillo; Kim Arlene Sharp of Vega; Nancy Steele of Andress, El Paso; Marty Don McCaghren of Amarillo; David Charles Garlin of Tascosa; Judy Joan Motl of Anton; Eric Claude Robinson of Palo Duro; Cynthia Rhea of Caprock; Rita Lois Detrixhe of Higgins; Jana Bond Haralson of Spur; Connie Dunagan of Forsan; Ethel Louise Gooden of Palo Duro; Wilma Jean Church of Lovington, New Mexico; Mary Beth Dunaway of Palo Duro; and Michael Ray of Seagraves.

The awards committee includes Jack Edmondson, chairman, Dr. Frank Daugherty, Miss Mary E. Davidson, Dr. John E. Green, Mr. W. Mitchell Jones, Dr. Zeke B. Marchant, and Dr. Charles Smallwood.

In other business, the board approved plans to hold receptions for new university Deans or Vice Presidents. A reception is currently being planned for Dr. E.C. Lewis, newly appointed Dean of the School of Business.

A committee consisting of Exes president, Duane Byars, Charlie Bell and Wayne Rankin will meet with fine arts officials concerning the proposed Pep Band for WTSU basketball games.

It was announced that the Phoenix Club membership was increasing and members are working on doubling the roll by the first of the year. Henry Davis of Amarillo is in charge of the membership drive.

The Exes board also approved payment of $100 toward sending the WTSU Women's Track Team to the national competition in Spokane, Washington.

Attending the meeting in the Hosea Foster Room of the Ex-Student suite of offices were: Bill Hunter, Bill Williams, Conally Lockhart, Charlie Bell, Mrs. B. Raymond Evans, Mrs. Claiborn H. Crain, Duane Byars, Henry Davis, Joe Snead, Boyce Box, Frank Wise, Earl Whitten, Stanley Schaffer, and Wayne Rankin.

Faith Chapel Singers will present a spring concert tonight at 8 o'clock in the Faith Chapel under the direction of J. E. James. Public is invited to the evening performance.

Wheat Vote Set Tuesday

Randall County wheat producers will join wheat growers in a 34-county area in a referendum vote and the naming of a nine-member producer board to administer the program in an election May 11.

The referendum provides for wheat producers in the designated area to vote on a proposition of self assessment not to exceed five mills per bushel to be used in research market development, disease and insect control and more efficient production and marketing practices for wheat.

Raymond Batenhorst of Umbarger will be election official for Randall County. Polls will open in the courthouse from 8 a.m. to 5 p.m. Tuesday, and absentee ballots can be obtained from the office of County Agent John Brazzil .

The board will direct the use of funds generated by the referendum.

Bill Nelson, Texas Wheat Producers Association executive vice president, said the TWPA will sponsor the referendum.

Nelson also pointed out that the vote must carry by a two-thirds majority of those voting, and the board members will not be selected by the area, but by the majority of votes.

He said this week Randall County produced 1,429,000 bushels of wheat in 1970, and if the 5 mills had been assessed on that figures, Randall County would have contributed $7,145.

Brazzil explained producers not wishing to make assessments can get refunds if desired.

Names appearing on the ballot for the 9-member board include John Cogdell of Foard County; W.R. Moore, Jr. of Knox County; Dwight Hamilton, Young County; Winston Wilson, Hardeman County; Kenneth Kendrick, Sherman County; Delbert Timmons of Ochiltree County; C.L. Edwards, Carson County; Henry J. Harnly, Gray County; N.F. Renner, Hansford County; Frank Zinser, Jr. Deaf Smith; Leo Witkowski, Castro County; Otis Harman, Swisher County; Melvin Sachs, Parmer County; and Davis Brown, Oldham County.

News Brief

Five fire units answered the call Tuesday evening to the Bob Covington residence located six miles northeast of the city.

Heavy damage was confined to the kitchen with smoke damage throughout the rest of the home.

The call was answered at 8:20 p.m.

THE STATE OF TEXAS COUNTY OF RANDALL SHERIFF'S SALE

WHEREAS, on the 1st day of March, 1971, in Cause No. 669-T, in the District Court of Randall County, Texas, wherein The Canyon Independent School District, The City of Canyon, Randall County and the State of Texas were Plaintiffs, Impleaded Party Defendants, and Intervenors recovered judgment against Archie Davis, Curtis Wilborn Davis, Louie Davis, Gladson L. Davis, Kenneth Eugene Davis, Mrs. C. L. Colvin, Mrs. Opal Brawner, Mrs. Grady Shaw, Mrs. Herman Sprayberry, Mrs. Joe Van Sant, Mrs. Raymond Byrd and Mrs. Jim Carney, Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 22nd day of March, 1971, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 22 day of March, 1971, seize and levy upon as the property of the above defendants the following described property, situated in Randall County, Texas, to-wit:

FIRST TRACT: 7 acres out of abstract 203, Block B-5, Section 35 H&GNRR Co. Survey, Randall County, Texas, and being the same property described in a deed from Henry Cone and wife Arrie Cone to D. E. Davis, which deed is recorded in volume 93 page 299 of the Deed Records of Randall County, Texas.

And I will on the first Tuesday in the month of June, 1971, the same being the 1st day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Randall, between the hours of 2:00 p.m. and 4:00 p.m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Canyon, Texas, this the 25th day of March, 1971.

L.S. Johnston, Sheriff
Randall County, Texas
By Recil Johnson, Deputy

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Richard Steele Mentzer, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 181st District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 14 day of June A.D. 1971, to Plaintiff's Petition filed in said court, on the 28 day of April A.D. 1971, in this cause, numbered 10901-B on the docket of said court and styled In the Matter of the Marriage of Ruth Ann Mentzer and Richard Steele Mentzer.

A brief statement of the nature of this suit is as follows, to-wit: Divorce and property settlement, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 28 day of April A.D. 1971.

Attest: LaQuitta Polvadore
Clerk, 181st District Court

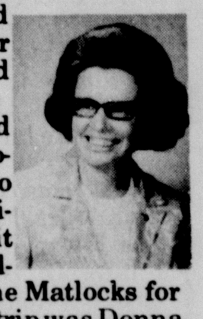
Gene Howe News

BY PAULINE HEFLEY

Nobody, simply nobody, wants to be a "Woozie." Thus was the motivation for Mr. John Dodson to shoulder his pack and carry it in and out of the Canyon. It seems as though Boy Scout Troop 130 planned a trip to Parkers Canyon this last weekend, under the capable supervision of Carl Johnson, C.O. Hillman, and John Dodson. But as we all know, the best laid plans of mice and men (and Boy Scouts) often go awry — and when the group reached the gate to Parkers Canyon, found it locked and decided to spend the night in Sunday Canyon. The boys on the venture were Gregg and Bryan Dodson, Rusty Gollihugh, Bruce Kennedy, Randy Riley, David Johnson, Chris Dorsey, David Clark, Kenny and Jessie Johnson and Billy Smith. At any rate, a good time was really had by all and it has been forever established that Mr. Dodson definitely is not a "Woozie."



Mr. and Mrs. Homer Matlock and daughter, Sherry and son, Steve, motored out to Fort Ord, California, to visit son, Dean Allen. Joining the Matlocks for the delightful trip was Donna Maples. They all did some sightseeing and report a nice trip. Margorie Maples' neice, Linda Thomason, who has resided with the Maples in times past, recently became the bride of Pat White of Canyon. Congratulations to the newly-weds.

Progress takes its toll — making that historical "last" train ride on the Santa Fe "Chief" were Darla and Kelli Campbell and Shawnda Palmer with Auntie Dot Wakefield (Mrs. Darrell) and Mrs. Wakefield's daughter, DeAnn. They all went to Clovis, then back to Amarillo. That's a happening you want to store away for a rainy day.

Mike Arp, son of the Aubrey Arps on Farmers, is the head technician for a group of 22 young people known as the Young Christian Dimensions. This is an outstanding singing group from the First Church of the Nazarene in Amarillo. Here's a chance for us to help out in a worthwhile cause — the singing group is going to have a garage sale on May 8th to raise money to go on a singing tour through Oklahoma, Kansas, and the tip of Missouri. If you have anything you would like to donate, just call the Arps — 352-6605 or run your things by 4242 Farmers.

Now here's a fish story if I ever head one — Roy Forehand, Grady Wilson and his Uncle Joe, went fishing with a group of boys from High Plains Children's Home last Friday after school — those going along for the "catch" were Kelly Forehand, Donald Wayne Pace, Ken Johnson, Don and Larry Edwards and Tom Pace. Here's the fish part — they brought back 116 crappies, the largest weighing 2 pounds, and 13 catfish — the largest weighing 12 pounds. Roy says this isn't a tall Texas tale, but that's a bunch of fish in anybody's language.

Mrs. Roy "Joan" Forehand, along with 31 other people attended a 'Vacation Bible School Swap Shop at the Braodway Church of Christ in Lubbock Monday of this week and came back with some outstanding ideas that will be implemented in this summer's program.

Speaking of Churches, etc., John McCourt, a man of the cloth, paid a visit to the Hefleys' chateau this last week and was displaying his athletic prowess to young Alexis Hefley on the broadjump, when suddenly, rrriipppp — the next thing we knew Brother McCourt was standing in the den of the Hefley's home with beautiful suit coat held directly in front of his waist and saying — "Sister Hefley, I have a bit of a problem." "Is that right, Brother McCourt? What seems to be the trouble?" replied this writer. "It seems that I have ripped my breeches." Being the altruistic soul that I am — I promptly supplied the man of the cloth with a pair of well-worn levis belonging to my husband, Dub. What a picture that did present! We'll not soon forget John's visit and hope he will come again.

Mrs. Travis "Kathryn" McBride of Canyon recently attended the 49th International Convention of Council for Exceptional Children in Miami Beach, Florida. So many of our patrons will remember Kathryn for the tremendous contribution she made in the education field she made at Gene Howe, as a matter of a fact, we would like to have her back from the Amarillo System.

Gotta go now — but before I sign off — what a P.T.A. program we had at Gene Howe this last Monday. The first graders did "Big Rock Candy Mountain" up swell. When we see these little darlings singing and dancing, we are reminded afresh that there are many worthwhile things in life and heading the list has to be our little people, whose lives are being molded each day. The installation of officers of the Gene Howe P.T.A. was also held, with Mrs. Clyde "Jo" Crump, president of District 8, doing the honors. This writer stepped down as president for the past two years and permit me, if you will, to send a "special thanks" to each of you who have contributed in so many ways to make my tenure of service one that I will long remember with pleasure. Your new president has got to be one of the most talented gals around and you'll really make tremendous strides under her capable leadership. (But if she don't get impeached — ain't nobody going to get impeached.)

Borrowed: "Have you ever driven a car?" the lady applicant for a license was asked. "One hundred and twenty thousand miles," put in her husband, "and never had a hand on the wheel." pmh

Class To Check Magazine Orders

People who bought magazine subscriptions from Canyon High School juniors during their fall fund-raising campaign and who have not received their magazines are being asked to let the class know.

Miss Bess Brillhart, sponsor, said that she has received complaints from subscribers who have not yet received their magazines and is sure there are others.

She is asking that those with complaints get in touch with the student who sold the subscription, call the school office, or call her at home.

"Something will be done about it," she promised, stating that the money would be returned or that the company with which the class dealt will see that the subscribers get their magazines.

Ag Boys Work At Dirt-Making

Students in a third-year vocational agriculture class at Canyon Junior High School have been "making dirt."

The boys are learning to determine soil capabilities, judge land, analyze soil fertilizer levels, classify textures and determine the best conservation practices for this area, according to Jim Walker, vocational agriculture teacher.

The dirt-making project is an exercise in determining texture by mixing sand, silt and clay to create various soil textures.

Johnny Brooks, 9-year-old son of Mr. and Mrs. Frank Brooks, has begun collecting old Texas license plates, and his collection includes an oldie dated 1930. Johnny says his next to oldest plate was made in 1934, and he finds most of his collection in alleys, around vacant lots, and some folks keep old plates. To date he has 24 in his assortment, and is looking diligently for more.

Walker Services Held In Columbia, Tenn.

Funeral services were held in Columbia, Tenn., Monday for Miss Darthula Adelina Walker, 90, who retired as head of the Geography Department at West Texas State University in 1951. Burial was in Hopewell Cemetery, near Columbia.

Miss Walker headed the Geography Department at West Texas for 31 years, beginning in 1920.

She died in Columbia Saturday.

During a one-year leave of absence, she served as professor of geography for the Floating University of the World.

Before coming to Canyon, she taught in Cleburne, Dallas, and Huntsville, leaving the teaching porfession in 1918 to work for the Division of Planning and Statistics in Washington, D. C. There, she studied trade and trade routes to conserve shipping space as part of the war effort.

Miss Walker held two degrees from Peabody College in Nashville, Tenn., and later studied at the University of Tennessee, the University of Chicago, Clark University, the University of California, the University of Colorado, and the University of Texas.

She was a long-time member of the Hopewell Associate Reformed Presbyterian Church.

Survivors include three sisters, Mrs. W.E. Kennedy of Columbia, Mrs. T. R. Walker of Cleburne, and Miss Helen Walker of Birmingham, Ala., one brother, James L. Walker of Birmingham, and several nephews and nieces.

The deceased was the daughter of the late John E. Walker and Melvin Williams Walker.

Connie Richardson, daughter of Mr. and Mrs. George L. Richardson of Wheeler, was named Block and Bridle Queen Monday night from a field of 24 contestants.

WT Block, Bridle Names Queen

Connie Richardson, WTSU junior from Wheeler, was named Block and Bridle Queen Monday night from a field of 24 contestants.

Miss Richardson, daughter of Mr. and Mrs. George L. Richardson, is a speech-English education major. She serves as vice-president of Panhellenic Council, is a member of the Rodeo Club, Zeta Tau Alpha and is a newly-elected student senator.

The new Queen will serve as the official hostess for the Block and Bridle Club and Tepee Western Store. She will receive a Western wear ensemble from the Tepee Western Store.

Among the top five contestants for Block and Bridle Queen were Shelia Gardenhire, first runner-up; Jan Autry, Lynda Gomez, and Sherry Myers.

Judges for the event were Bill Davis, manager of the Tepee Western Store; Mrs. Jean Roberts, Dean of Women at WTSU; and Mrs. Ramona Elliott, co-owner of De'ons.

Miss Richardson will be officially presented to Block and Bridle members at the Agriculture Awards Barbeque tonight.

Pikes Pushing For Cancer Cure

Members of the Pi Kappa Alpha fraternity at Eastern New Mexico will pass through Canyon about 4 p.m. Saturday on their way to Texas Tech University in an attempt to break the distance record for pushing a wheelchair.

The stunt is being staged in an effort to raise some $3,000 for the American Cancer Society. Donations will be taken along highway 60 Saturday afternoon.

The previous record is set at 150 miles.

Newly elected cheerleaders at West Texas State University are top row Dwight Rogers, Lynda Gomez, and Gregory Tung; standing, Jane VanDever, Sharon Frisbie, and Cathy Gerald. Seated is John Jenkins. Chris Gerald is not pictured.

The wedding will be held at the Faith Chapel and Student Center on July 17.

Miss Sue Thompson

Mrs. Greg Lee Cook

Miss Kendrick Weds Cook In Perryton

Vicki Jo Kendrick and Greg Lee Cook were united in marriage Saturday, April 24 in a double ring ceremony performed in the United Methodist Church of Perryton.

The Rev. James E. Tidwell of Perryton officiated at the ceremony.

Parents of the couple are Mr. and Mrs. C. D. Sharp of Borger; Mr. and Mrs. Ernest Kendrick of Perryton, and Mr. and Mrs. B. C. Edwards of Ruidoso, New Mexico.

Mrs. Gay Unreuh, organist from Perryton, accompanied Becky Sharp of Borger, sister of the bride, who sang "The Twelfth of Never" and "The Lord's Prayer".

Vows were exchanged before the altar decorated with a large bouquet of pink mums and white daisies. Candelabrums with pink carnations and pink candles flanked the altar. Garland greenery was on banisters tied with pink satin bows. Pink satin bows with white wedding bells decorated the pews.

Maid of honor, Debby Cox, of Sweetwater was attired in a Victorian styled gown in hot pink crepe, white eyelet laced with matching velvet ribbon encircled the empire waistline.

Other attendants were Misses Angela Brawley and Sharon Groves of Perryton. Their gowns were fashioned identical to that of the maid of honor and were baby pink in color. Headpieces of matching crepe bows completed their attire. Each carried a nosegay of pink roses and pink carnations.

Best man was Jerry Presnall of Perryton. Groomsmen were David Bell and Don Williams of Perryton. Warren Kendrick, brother of the bride of Borger; Johnny Gage and Karl Kutch of Perryton served as ushers.

Escorted to the altar and given in marriage by her father, the bride wore a Victorian-styled gown of white satin and alencon lace. Lace covered the bodice and long sleeves; tiny seed pearls enhanced the neck, midriff, wrists, and bottom of the gown.

The bride's three-tiered elbow length veil of illusion was trimmed with alencon lace and attached to a crown of seed pearl leaves.

She carried a nosegay of pink sweetheart roses encircled with lily of the valley.

The bride followed the tradition of something old, something new, something borrowed and something blue.

Upon entering, the bride presented her mother Mrs. Sharp and Mrs. Kendrick with a pink sweetheart rose; upon leaving the ceremony she presented the groom's mother Mrs. Edwards with a rose.

The mother of the bride was attired in a mint green Italian silk dress with matching accessories. She wore a white orchid.

The groom's mother selected a blue coat dress with white accessories and wore a white orchid.

A reception in Fellowship Hall followed the ceremony. Misses Susan Swinney and Patsy Crist of Perryton presided at the bride's table, which was laid with a floor length white silk cloth, trimmed with pink roses and white daisies.

Other appointments were silver and crystal.

The five-tiered wedding cake was decorated with white roses and wedding bells. Pink iced punch was served to the reception guests.

For traveling, the bride chose a yellow pant suit. The couple are at home in Byers, Colorado, where the groom is employed with McKinley Oil Company.

The bride is a graduate of Borger High School and attended West Texas State University in Canyon.

The groom is a graduate of Perryton High School and attended Texas Tech and WTSU, where he was a member of Phi Delta Theta.

Pre-nuptial courtesies included a bridal shower in the home of Miss Clara Davis of Perryton and a personal shower in the Brawley home.

Out-of-town guests were other members of the bride's family, David Kendrick, Bud, Scott, and Vick Sharp of Borger. Others attending were grandparents, Mr. and Mrs. Babe Walberg and great-grandmother Mrs. Ethel Forbus and great-aunt Mrs. Myrtle Lollar, all of Happy; grandparents Mr. and Mrs. Mickey Kendrick of Wellington, Mr. and Mrs. Jimmy Campbell of Lubbock.

Also attending were Mr. and Mrs. Melvin Smith and sons, Robin and Kevin of Dallas, Mrs. Joe Forbus and daughter Mary Cole of Borger, Mr. and Mrs. Edward Flaherty of Happy and Mr. and Mrs. Gary Hyatt of Canyon.

Mrs. George Michael Mosley

Miss Wood Weds At St. Ann's Church

Sandra Wood became the bride of George Michael Mosley April 17 at Saint Ann's Catholic Church in Canyon.

The bride is the daughter of Mrs. W. B. Hooser of Canyon and the late R. V. "Pete" Wood.

The groom is the son of Mr. and Mrs. Mike Mosley of Albia, Iowa.

Father Di Benedetto officiated the double ring ceremony.

Traditional wedding music was played on the organ for the ceremony.

A spring flower motif was carried out in the sanctuary decorations.

Mrs. Barry Lowrance, cousin of the bride, served as matron of honor. She wore a pale yellow street length dress with matching headband and shoulder length veil of tulle. Mrs. Lowrence carried a nosegay of yellow daisies with ranculus and gypsophilas.

Bill Mosley, brother of the groom, served as the best man.

Ushering were Rusty, Bob, and Mike Wood, brothers of the bride.

The bride, given in marriage by Mr. W. B. Hooser, her stepfather, wore an informal creation of white shantung with bell sleeves and a back closing consisting of loops and small buttons covered with self fabric. She wore a shoulder length veil of tulle attached to a head band of lace trimmed in seed pearls.

She carried a colonial nosegay of pale yellow roses, white ranunculus and gypsophila.

A reception at the Wesley Foundation followed the ceremony. The reception table featured a pedestal centerpiece of yellow roses, carnations, and gysophila. The bride's cake was a three-tiered design, iced in pale yellow and decorated with white embellishment. The cake was topped with a miniature bouquet of yellow roses, daisies and gypsophilas. Silver and crystal serving appointments completed the bride's table which was covered with a cloth featuring wedding trapunto motifs of seed pearls and irridescent sequins. Finger sandwiches and coffee were served from a buffet table.

Misses Janne Bruce, Jere Ann Vogler, Mrs. Sarah Long, cousins of the bride and Miss Barbara Mosley, sister of the groom, served at the reception.

Mrs. Rusty Wood, sister-in-law of the bride, registered guests.

The bride traveled in a yellow dress and coat ensemble with black accessories.

After a wedding trip to Dallas and Hot Springs, the couple will be at home at 4333 Grand, Des Moines, Iowa.

The bride is a graduate of Texas Tech University with a degree in home economics. She is currently assistant Foods Editor for Better Homes and Gardens books. At the university she was a member of Phi Kappa Phi, honorary scholastic society and editor of the Tech Methodist.

The groom is a graduate of Creighton University in Omaha, Nebraska and is a systems analyst with Meridith Corporation.

Parties for the couple included a barbecue dinner given by Mr. and Mrs. Vincente Rogers; a shower given by the couple's Friday Club; a kitchen shower given by friends of the bride; a dinner given in Albia, Iowa, given by the groom's family; and a rehearsal dinner hosted by the groom's parents at the Zuider Zee in Amarillo.

Out-of-town guests at the wedding were Mr. and Mrs. Mike Mosley, Bill Mosley, and Barbara Mosley from Albia, Iowa; Mr. and Mrs. Andy Swartz from Houston; Mr. and Mrs. Jack Simpson from Gainesville; Mrs. Pauline Atherton and daughter Vicki from Oklahoma City; Mrs. W. A. Wood from Floydada; Mrs. N. B. Mothers Are For Children. . . . .

A Photo Feature by Carol Crain

Mothers. . .what do they do for youngsters? What do they look like? And, what are they like inside and out?

These questions were asked to the ten members of the Kindergarten Class at the First United Methodist Church this week. Their answers were clever, unique, sincere, and loving.

This page is dedicated to Canyon's mothers who, without their children. . .wouldn't be mothers at all.
